

Capacity Building Webinar on Digital Government and Transformation for North and Central Asia

4 to 7 July 2022 (Virtual)

BACKGROUND

The Asian and Pacific Training Centre for ICT for Development (APCICT/ESCAP) and ESCAP Subregional Office for North and Central Asia are organizing the **Capacity Building Webinar on Digital Government and Transformation for North and Central Asia** on 4-7 July 2022. The event is targeted to managers and mid-level professionals from central and local governments as well as government officials responsible for the development and implementation of digital initiatives in North and Central Asia.

The webinar provides an overview of how digital technologies can be used to improve the quality of governance and public administration. It highlights and builds on the key principles that are considered useful for digital government strategy and policy. It emphasizes the need for an overarching long-term strategy on digital government initiatives, and the common pillars that are considered to underpin such a strategy, including digital infrastructure, digitally enabled services, and capacity building and regulatory policies.

LEARNING OUTCOMES

At the end of the programme, participants are expected to:

- Have greater appreciation of the growing pervasiveness of digital technologies in our public and private spheres and how the adoption of these technologies can impact governance;
- Understand the causes of failures of digital government projects; explore the use of design thinking in public service delivery; and discuss collaborative and participatory tools and methods to encourage both citizens and civil servants to participate in the design of digital government services;
- Explain components of Digital Government strategies and plans, and the associated processes; expand on the regulations and legal framework required for effective digital government transformation; and
- Understand the different phases involved in implementing a digital government project life cycle; explore the emerging trends in digital government program implementation.

TARGET AUDIENCE

- The event is targeted to managers and mid-level professionals from central and local governments as well as government officials responsible for the development and implementation of digital initiatives in North and Central Asia.

STRUCTURE

- The webinar will be held on 4-7 July 2022 via Zoom from 10:00am – 1:00pm, Almaty time (UTC+6). It will consist of a series of lectures, group discussions, and presentations. The event will be conducted in English with simultaneous interpretation in Russian.

CONTACTS

Mr. Robert De Jesus, Programme Officer, APCICT/ESCAP, dejesus3@un.org

Mr. Ho-Din Ligay, Team Assistant, APCICT/ESCAP, ho-din.ligay@un.org
